2017 Livingston County Agriculture Program Enrollment \$20

We continue to maintain an enrollment option in Livingston County whereby you can access the Northwest New York Dairy, Field Crops, Livestock and Farm Management Team, in addition to the County enrollment.

Enrollment entitles businesses to a listing in the Business Directory published annually in the *Livingston County Agricultural News*, if indicated. Extension resources remain a competitive cost bargain, with strong county government support maintaining our overall structure.

2017 NWNYS Team Enrollment \$50 – why enroll with the Team?

The area Dairy, Field Crops, Livestock and Farm Business Management Team brings expertise to participants and continues to address individual needs. Work force training, Hispanic labor management and training, environmental concerns, and production management and profitability continue as areas of concentration for our agriculture programs. Your out-of-pocket costs are a bargain by any available comparison.

There will be **differential fees** for attendance at meetings such as Corn Congress and other activities of the Team. **NWNYS Team** enrollment will secure you a lower fee.

NWNYS Team enrollment connects you to notification of a variety of scheduled events and activities, as well as timely management and production update letters such as TAg Notes for current growing season field crop situations. Include your e-mail for “short” notices, like the intensive wheat management meetings.

Cornell Recommends are available in print, online, or both in a bundle! Print and online versions are the same cost.

Questions? Call me at the Extension Office at 991-5420 or 335-1752.
