“The Agriculture Program through Cornell Cooperative Extension of Livingston County has much to offer. Our program areas are numerous and diverse, aiming to meet the needs and interests of our Livingston County residents, businesspeople, farmers, gardeners, and youth.

It is with your enrollment and donations that we continue to make an impact sharing knowledge and changing lives.”

**Cornell Cooperative Extension
Livingston County**

WHY ENROLL?

Livingston County Agriculture Program

Ag Enrollment connects you to a variety of events and activity notifications, timely management and production updates, in-field educational opportunities, in-county consultations, and more. You will also receive our monthly newsletter, *Ag News*. Include your e-mail for “short” notices and/or to receive our publication electronically. In addition, enrollment entitles businesses to a listing in the Business Directory published annually in the *Ag News*.

NWNY Dairy, Livestock & Field Crops Team

The NWNY Team brings expertise to participants and continues to address individual needs. Workforce training, labor management and training for Spanish-speaking employees, environmental concerns, and production management and profitability continue as areas of concentration for our agriculture programs.

By enrolling in the NWNY Team, you’ll be connected to event and activity notifications, management and production updates, in-field educational opportunities, in-region consultations, and more. You will also receive their monthly newsletter, *AgFocus*. Include your e-mail for “short” notices and/or to receive *AgFocus* electronically. Enrollment also secures lower registration fees for Team meetings and activities.
