

Resale to Support the 4-H Program

If you are interested in supporting youth at the 4-H Livestock Auction but don't want the meat, consider re-selling the animal to benefit the 4-H Program. When you decide to re-sell the animal, your purchase price of the animal goes to the 4-Her. The animal is then re-sold and another bidder has the opportunity to buy the animal. The purchase price of the second sale goes directly to the Livingston County 4-H Program to support programming in the coming year.
