Wearing a helmet is very important. Because it will keep you safe if you fall, crash, flip over and even if you go too fast and flip. I have fallen off many times, but I never hurt my head, because I wore a helmet. Helmets will always keep you safe. So please wear a helmet when you go bike riding, skateboarding, scooting or rollerblading. It is important to protect your head, because you could get a concussion and hurt your brain. Be smart while you have fun and wear your helmet. This is why I think it is important to wear a helmet.
